Solidarity
Elior Group Solidarities awards scholarships
to 20 catering school students

The Elior Group Solidarities association, which supports the most vulnerable members of the community, awarded scholarships to some twenty students of the École de Paris des Métiers de la Table (EPMT) catering school. Elior's support of young people underpins the Group's willingness to support the education and professional integration of people in need.

A long-standing partner of the EPMT, the group Elior shares values of solidarity and mutual aid with the school. This year, the Elior Group Solidarities association awarded scholarships to students faced with financial difficulties. For the 2019-2020 school year, these first 20 scholarships will enable the 20 students concerned to buy the school materials (briefcase, uniform) they need.

Via this project, Elior Group Solidarities is in keeping with the actions carried out by Elior's Foundation – “Agir pour l'éducation”, which awarded more than 1,100 scholarships to students from low-income families between 1995 and 2005. This financial aid will also help support professions in the catering sector.

Founded in 2017, Elior Group Solidarities is an association that backs solidarity initiatives in the areas of nutrition and education, as well as in the social and professional integration of people in need.
